SIR

With reference to your letter No 10646 / Ed 287-09 dated 31st May 1910, I have the honor to inform you that under rule (4) for the guidance of Mysore State Scholars in England every scholar must, at the end of each term of residence at a University or College, submit to the Educational Adviser a certificate from the proper University or College authority, showing that his residence, conduct and progress in study have been satisfactory during the term, and the scholars have all been instructed to send certificates to Mr Arnold in this office No 9812-20 dated 1st April 1910 It will be throwing an unnecessary amount of work on the College or University authorities to issue ~~duplicate~~ many certificates, and I request that you will inform me whether the scholars are to send copies of their certificates to this office or whether Mr Arnold is to be asked to send the originals

2 In this connection I may point out that Rule XI of the rules for the Damodar Dass Scholarships says that payments of quarterly instalments after the first will only be made on a bill countersigned by the Head of the Institution with a certificate of attendance, conduct and progress The Comptroller says that hitherto payments have been made without such certificates, although they were stated to be necessary under the old rules This multiplication of certificates appears to be unnecessary especially when the scholars in England are under the supervision of the Special Adviser and I therefore recommend that the rules should be modified so as to permit the continuance of the

present practice I also recommend that scholarships in England should be stopped only on the recommendation of the Special Adviser who is already competent under Rule 5 for the guidance of scholars in England to recommend the termination of a scholarship

3 The rule (last para of Rule XII) that no return passage will be paid in case of misconduct is also objectionable In case of misconduct of a scholar the best thing that can be done is to send him back to his relations and I propose that this sentence should be struck out and the recommendation of the Special Adviser in any particular case followed

4 Provision should also be made for the payment of the scholarships in unequal instalments to suit the individual requirements of the scholars without the special sanction of Government being required in each individual case The Comptroller may be authorised to arrange for the payment of the scholarship in quarterly instalments of suitable amounts on the requisition of the Inspector General provided that the sanctioned amount of the scholarship is not exceeded in any year

I have the honor to be,

Sir,

Your most obedient servant,

Inspector General
